Bartow County Business License

Contact the Bartow County Zoning Department at 770.387.5007 with questions regarding the following:

HOME BASED OCCUPATIONS

(See Bartow County Zoning Ordinance Article VI)

A Home Occupation is defined as any use customarily *conducted within the principal dwelling* and carried on solely by the occupant thereof.

Home Occupations are permitted in zoning districts as listed in the Bartow County Zoning Ordinance.

No home occupation shall occupy more than thirty (30) percent of the heated floor space of the principal use.

No separate building or structure may be constructed to house a home occupation.

A home occupation must be a use that is clearly incidental and secondary to the use of the dwelling as a residence.

A home occupation does not change the character thereof or reveal from the exterior that the dwelling is being used in part for other than a residence.

There shall be no display, stock in trade, or commodity sold on the premises, and no mechanical equipment used except such as is commonly used for purely domestic household purposes.

Such permissible occupations include, in general, such personal services such as are furnished by a musician, artist, seamstress, cook, or laundress, consultant, telecommuter, or other *which does not generate non-residential traffic nor has non-occupant employees* but shall not include such uses as barbershops, beauty parlors, tea rooms, animal hospitals, animal grooming, professional offices, or a wholesale, retail or manufacturing business.

No signs related to the home occupation are allowed.

No more than two (2) commercial vehicles (trailers counted separately if separated from a tractor) shall be parked on one lot. A commercial vehicle is a duly licensed and registered vehicle used to transport passengers or property to further a commercial enterprise. A commercial vehicle must not be used as an office nor have customer entry for a retail transaction.

Under no circumstances shall employees report to a residential structure on a daily basis to pick up commercial vehicles for the company's operation.

Commercial vehicles parked in any residential zone or residentially-used area shall not be permitted to be parked in any required set-back or buffer area, nor in any front yard area. Commercial vehicles on residential property shall only be parked in the side or rear yard, within setbacks.

I hereby certify and attest that I have read and understand these standards for a home occupation. I hereby certify that my home occupation shall comply with these required standards. Failure to comply with said standards may result in revocation of my license and possible enforcement action.
