Amendment to Public Participation Plan

Dear Ms. Cochran:

The Cartersville-Bartow MPO understands that our Public Participation Plan needs to include the following language:

"The public involvement process for the Transportation Improvement Program, Long Range Transportation Plan, Special Projects or other plans and programs is used to satisfy the Georgia Department of Transportation public participation process for the Program of Projects."

It is our intent to have this language inserted at the earliest available opportunity after following the required 45-day public review process.

Sincerely,

A handwritten signature in blue ink that reads "Peter Olson". The signature is fluid and cursive.
